

ZONAR FORMS™

AUTOMATE

to eliminate
paper forms

CUSTOMIZE

message content
and displays

TRACK

compliance and
performance

SIMPLIFY

auto-populate
message fields

Streamline fleet communications.

Replace paper forms, share route dispatch assignments, increase efficiency and improve communications. Used with Zonar Ground Traffic Control® and our tablet, Zonar Forms makes mobile messaging easier and more efficient.

Digital health questionnaire to screen drivers and operators

Have drivers complete a quick health questionnaire using the new Employee Symptom Checker. Drivers use their own tablet to complete the digital form. Each questionnaire is timestamped and uploaded for secure, online recordkeeping. Authorized personnel then access the records online. No shared contact points.

Customize a solution.

Work with us to develop a customized Zonar Forms solution. Whether you need a full custom development or minor changes to existing templates, we'll make it happen.

Customer Support
